

My Classroom

My classroom is very cool! In the classroom there are windows, books and other things. We have a smartboard it's very nice, it's an electronic board. We have everything - posters about stars and other things. And we have cabinets and in it is our material for the lessons. There are lots of school books and paper.

The timetable

At 8:15 school starts. Then we have the first 45 minute lesson.

After that we have a short five minute break.

Then another lesson.

After this the first long break of 20 minutes starts.

Now we have a 90 minute lesson.

Then comes the second long break of 25 minutes.

After the break we have a 45 minute lesson again.

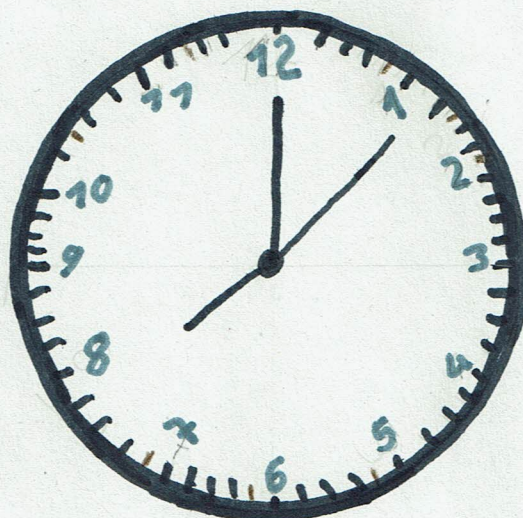

Then five minutes break and another 45 minute lesson.

After this lesson usually the school day is over but sometimes we have one more five minute break plus a 45 minute lesson. There are some tutor groups with even an eighth lesson!

I'll show you the time table of tutor group 6a:

Lesson	Time	Monday	Tuesday	Wednesday	Thursday	Friday
1	8:15-9:00	Music	German	Maths	Maths	English
2	9:05-9:50	Music	German	Maths	P.E.	Geo./Hist.
3	10.10-11.40	P.E.	English	Science	Arts	Science
4		P.E.	English	Science	Arts	Science
5	12.05-12.50	Geography/	Maths	English	English	German
6	12.55-13.40	History	Maths	German	German	Social Studies
7	13.45-14.30			Religious Education	Social Studies	Catholic Religious Education
8	14.30-15.15

Class trip 2016

In September 2016 we the tutor group 6a were in Altkünkendorf for one week.

We went fishing and had a lot of fun.

The last night we had a big, cool disco and even more fun. The next morning we had to pack our things and to carry it to the bus.

Than we went to the lake for the last time.

Our class trip was fantastic!

School class trip

On our school class trips we go to other towns like last year we were in Altkünkendorf. It was great. All the children and teachers were nice. We often went swimming, played together and went hiking every morning.

Sometimes we go three days and other times we go one week on a class trip. We eat three times a day and also visit some interesting and old places on our class trips. We go there by bus because the way is very long, so we can't take the BVG.

To Altkünkendorf it took about two hours to get there. We travel about two or three times during the school years at Bäke school. But if you are lucky you could travel more than that. On the bus you can listen to music and it is a lot of fun with the class. And on the last day we had a disco, listened to music and played a lot of games. We all enjoyed our class trip!
