

Sports events

Students are playing basketball in a tournament, the Alba Grundschoolliga. Almost everybody who is at the basketball club is allowed to play in the tournament. There is a preliminary round, an intermediate round and a final round.

Every round is in a school which has a well equipped gym hall. There are different age classes and mixed teams.

Once the Bäke School won a round! At the day of the tournament the students have no other lessons.

PE LESSON

In our PE lesson we have a lot of fun. Sometimes we are playing games and sometimes we have a basketball and or a football tournament. We have a nice teacher, he can play basketball and football very well.

Sometimes we have PE outside but we often have PE inside.

The „Crosslauf“

The „Crosslauf“ is a big sports event.

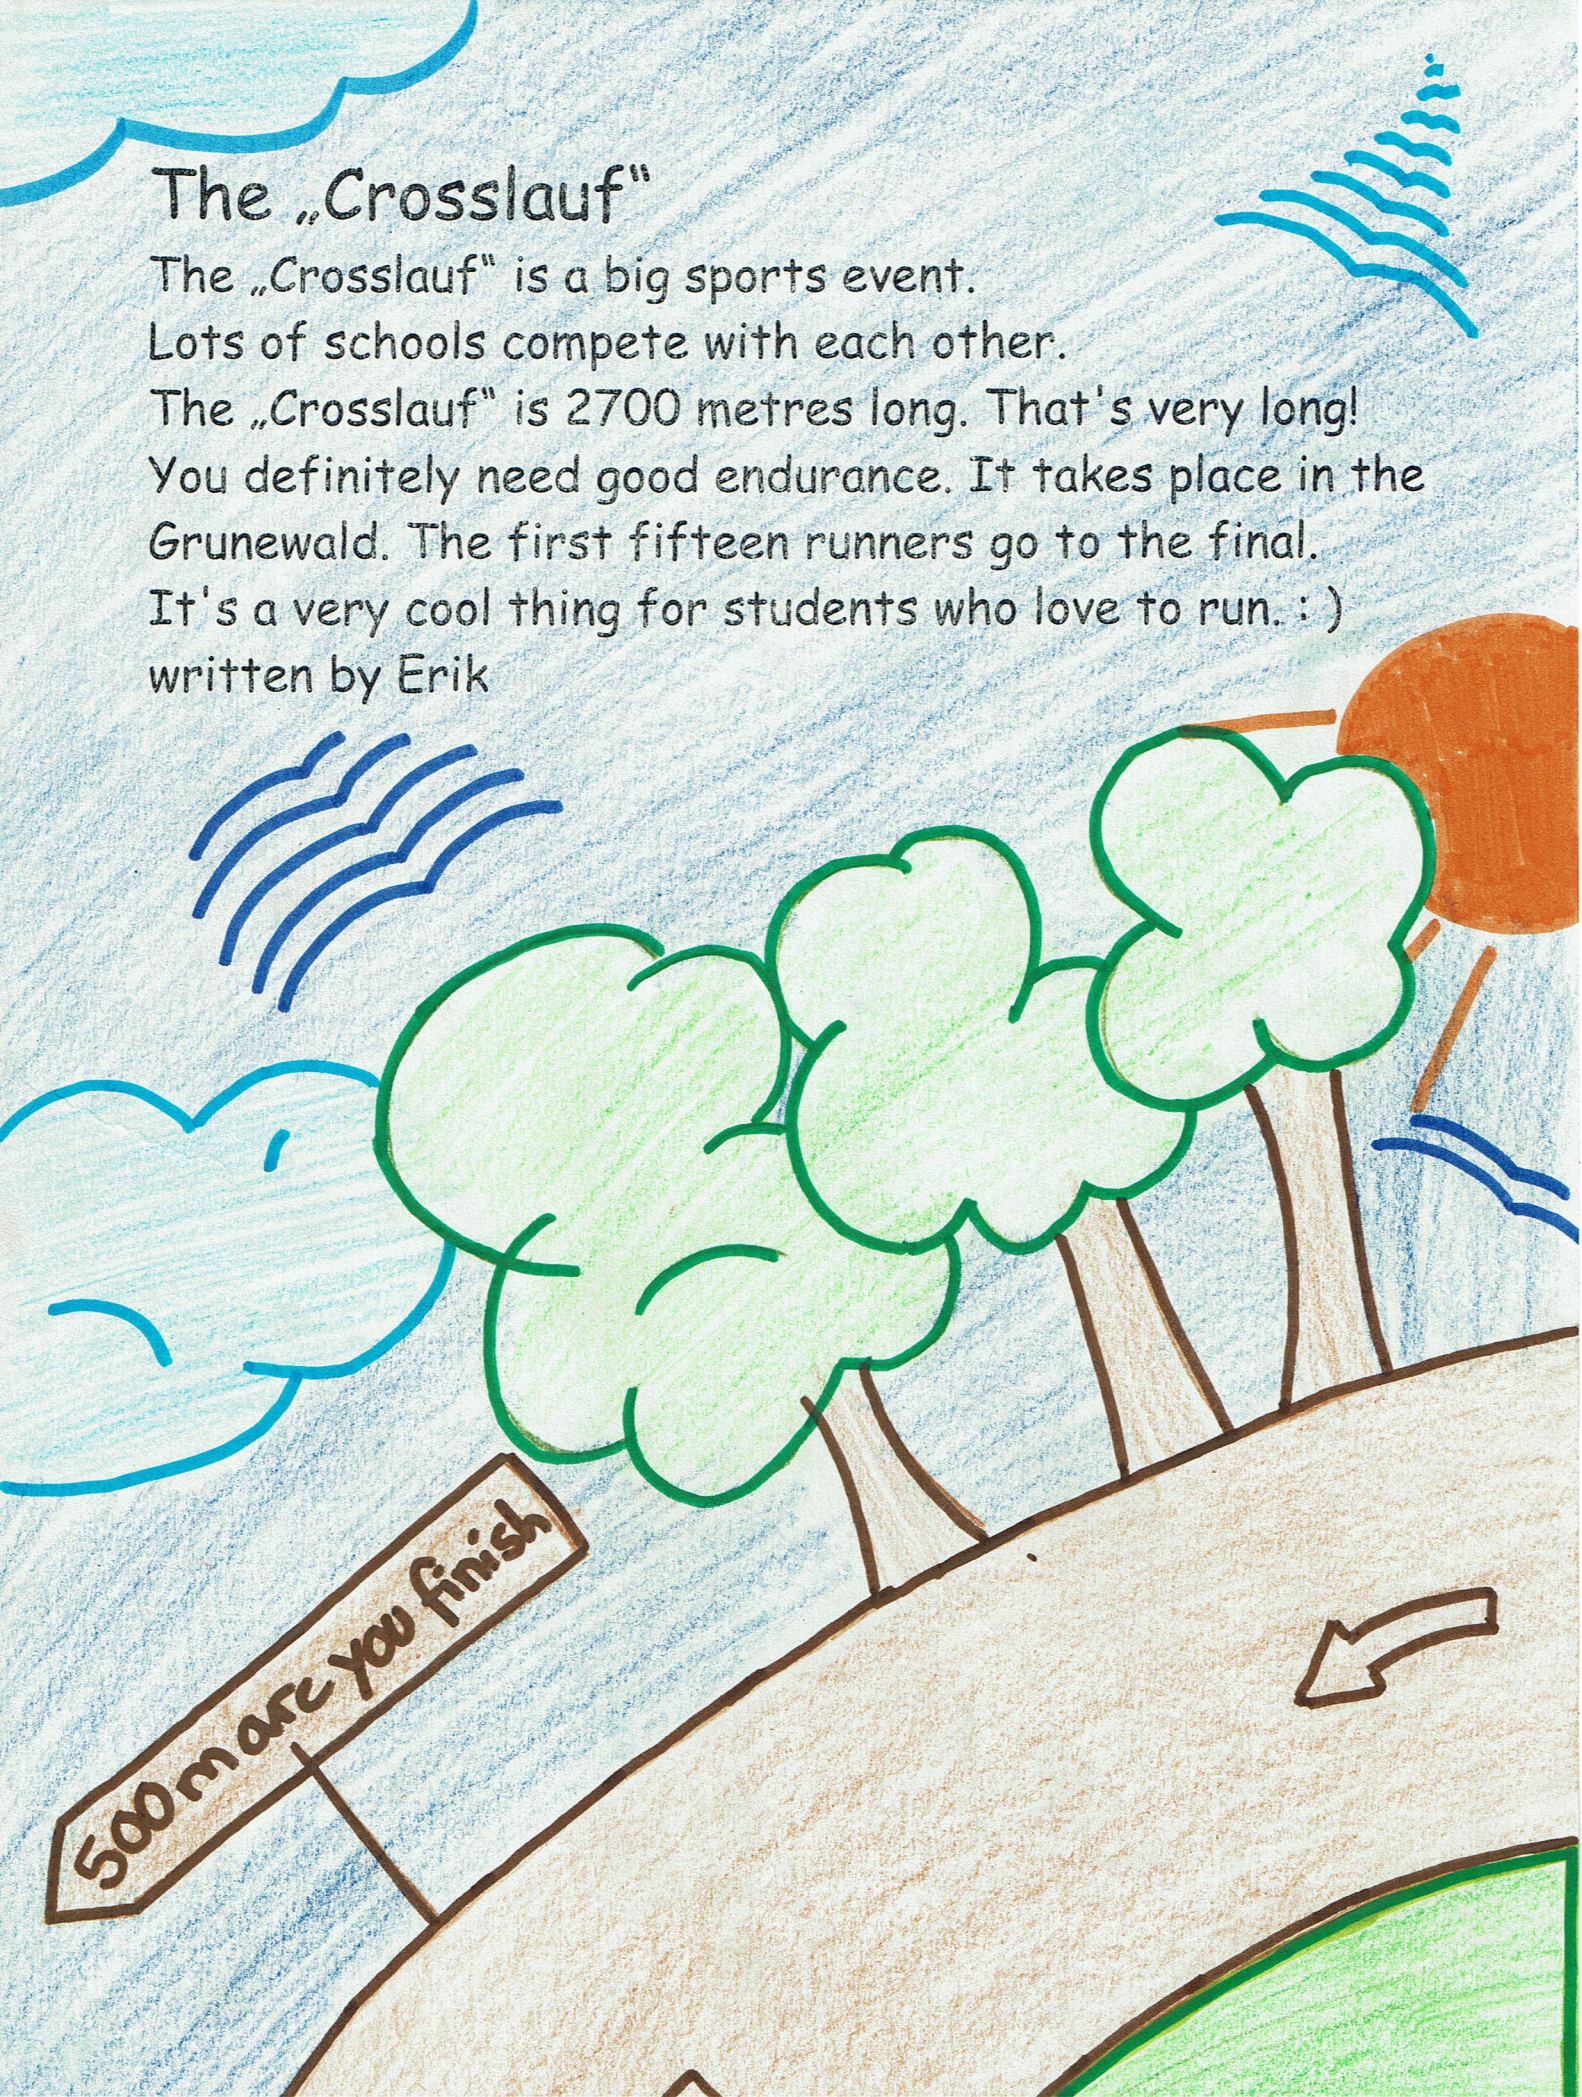

Lots of schools compete with each other.

The „Crosslauf“ is 2700 metres long. That's very long!

You definitely need good endurance. It takes place in the Grunewald. The first fifteen runners go to the final.

It's a very cool thing for students who love to run. :)

The Drumbo Cup

The Drumbo Cup is a football sports event.

The most schools of Berlin have a school football team. So has our school. In this team we're training for the Drumbo Cup.

The Drumbo Cup has four rounds.

In the first round our school plays against the other school teams of Berlin - Steglitz.

Meanwhile the Berlin – Zehlendorf schools also play in a first round.

The first four teams of Steglitz and the first four teams of Zehlendorf play in the second round.

In this round all teams win a medal, it doesn't matter if your team is in first or last place.

But the first two teams get to round three.

There the two winner teams compete with teams of Charlottenburg-Wilmersdorf.

Now the first two winner teams play in the last round.

That's the Berlin round!

Here the best teams of all Berlin districts are playing against each other.

The team who wins is the best team of the city of Berlin.

I like the Drumbo Cup because it is a lot of fun but it is exhausting, too.

I never made it into the last round but I played in the second round once!

Basketball club

There are club a lot of children at the basketball club at our school.

We always have a lot of fun!

We have many basketballs to play with and twelve baskets. The club starts at 2:30 in the afternoon and ends around four o'clock.

In the summer we go outside for training.

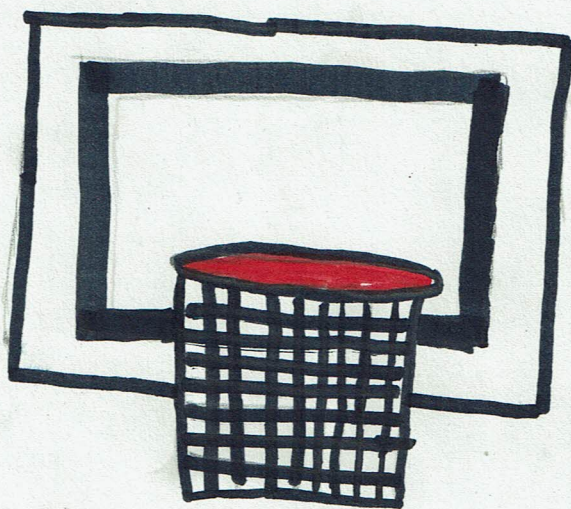

We play in a lot of tournaments, too.

But in the holidays there is no basketball club.

Our coach is Mr Roth.

When he is ill we have a different coach.

We learn that teamwork is very important for the tournament.

The basketball club

The basketball club starts at one o'clock in the afternoon.

There are lots of kids.

We play hard and we have lots of fun.

The coach is Mr Roth. He's so nice!

We play in the gym hall of our school.

Sometimes other cool coaches come to work with us.

We have lots of tournaments.

The basketball club ends at half past three.
