

Report of the student mediators

1. What are student mediators?
What do student mediators do?
2. How many student mediators work at our school?

Here are the answers of the questions!

2. There are eighteen children working as student mediators at our school. Three teachers help and train them.
1. The student mediators solve conflicts on the playground.
They have a room where they can do that in a quiet atmosphere.

Thank you for reading the report about the student mediators.
